DETAILED ACTION

Response to Amendment

1. This Office action is in response to the amendment filed 11/28/06. Claims 1-33 are pending. Claims 9-22 are allowed. Claims 1-8 and 23-33 are rejected.

Claim Rejections - 35 USC § 101

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-8 and 23-33 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Claims are directed to algorithm that just manipulates data in a memory and it does not utilize the result to accomplish some useful task.

Regarding claims 28-33; the specification (page 20) discloses that a computer execute a carrier wave signal. Carrier wave signal is not statutory subject matter.

Allowable Subject Matter

3. Claims 9-22 are allowed.

Response to Arguments

4. Applicant's arguments filed 11/28/06 have been fully considered but they are not persuasive. Applicant argues that "*merely because the claimed apparatus includes a "scheduler for a network processor" that is operative to execute an algorithm, does not preclude the apparatus from being statutory subject matter*". Examiner respectfully disagrees. As stated above the claims are directed to mathematical algorithm that just manipulates data, which does

Art Unit: 2616

not achieve a particular useful task. See MPEP 2106. Thus, these claims do not contain a practical application. Applicant further, argues that "Examiner's apparent assertion that Applicants invention is merely a carrier wave signal is incorrect". Examiner respectfully disagrees. Applicant specification discloses that computer program product is a carrier wave signal. Carrier wave signal is not statutory subject matter.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
